Lighthouse Version 5.0 and Later
License Update Guide

INTRODUCTION

The purpose of this document is to provide instructions to apply a new license in Lighthouse from Torque Software, versions 5.0 and later.

Before you begin

Only a Lighthouse System Administrator can update the Lighthouse license. You will need to ensure you have System Administrator access to your Lighthouse instance.

Torque Software will provide you with your new license in a format similar to the below.

```
----- BEGIN FMCS LICENSE -----  
  
jPdTI/kg45nwkj5gn4w5uh4tkwu54tkwugn5w4u54ntgw4kug5nwer  
kug5nwerkuge5nwku5gnw5kguwerng/mxcXcZmVd9LQYpJuE1oMXR  
  
----- END FMCS LICENSE -----
```

LICENSE UPDATE

To update your license, first login to Lighthouse as a System Administrator.

Next select System Administration by clicking on the  symbol in the menu.

Then select Administration > License.
